Gallaudet College Library  
7th St. and Florida Avenue, N.E.  
Washington, D.C. 20002

A weekly publication for Gallaudet staff & faculty  
Vol. 10, No. 15 Jan. 28, 1980

Sculptor Joe Brown at his Princeton studio.

## Sculptor Joe Brown plans demonstration at MSSD

Joe Brown, whose bronze sculptures of athletic figures are currently on loan to MSSD, will visit the campus next Wednesday, Feb. 6. Brown will present a sculpture demonstration while talking about his work.

Brown will stage his demonstration in the main lobby of MSSD so he will have maximum exposure to students and faculty. The demonstration will begin at 10:15 a.m. and will run for about an hour and a half.

For the day, four small pieces of Brown's work will be moved out into the main lobby area. At the same time, students and faculty will be asked to cast a ballot as to their favorite piece. This vote will be used to determine which piece to purchase. Brown has offered Gallaudet a substantial discount on one of his pieces.

Brown has been a member of the Princeton University faculty for many years. Everyone is welcome to attend the event.

## Trip to France planned

Three teachers from the MSSD will provide interpreting for the hearing impaired while traveling through France this summer.

The three-week trip includes visits to Paris, Nice, Monaco, Marseilles, Mont Blanc and Italy. As a bonus, arrangements are being made to spend an evening with a group of hearing impaired French people.

The group will leave from New York on June 20 or 21 and will return July 12. Total cost, including air fare, hotels, meals, insurance and all other expenses is \$17,000.

One of the teachers is fluent in French and the French guide speaks excellent English. The trip might also appeal to hearing people interested in learning or perfecting sign language while enjoying an exciting summer holiday.

Final reservations need to be made by the end of February. For more informa-

tion and a copy of the itinerary call Marilyn Nugent, x5800 (voice or TTY).

## Learn about world hunger

Do you know that there is suffering and hunger all over the world? Why and how do they happen?

If you'd like to know more about world hunger, come to the Red Room of the Plaza Dining Hall next Wednesday, Feb. 6 at 5 p.m. Dianne Lawson of World Relief will speak, and a film on world hunger will be shown.

Students, staff and faculty are welcome to bring their dinner upstairs while listening to the speaker. An interpreter will be provided.

The program is being sponsored by the Office of Campus Ministries.

## Ralph Nader scheduled for Gallaudet forum

by Don Pettingill

After several years of persistent efforts, Gallaudet's Demonstration Programs and the Student Union have "snared" Ralph Nader for the Gallaudet Forum scheduled for Feb. 8. Nader is world famous for his outspoken defense of consumer rights and safety. This is an unprecedented opportunity to hear from an expert on consumerism and to ask questions on consumer related issues.

If you've been in the D.C. area very long, you are probably aware of the Gallaudet Forum. These dinner-lectures are sponsored once or twice a year. They provide deaf adults the opportunity to hear well-known and knowledgeable persons speak on topics of current interest, bringing them closer to the issues affecting their daily lives.

Past Forum speakers have included Joseph Danzanski, Katherine Graham, George Allen, Julia Child, Stewart Mott,

Howard K. Smith, Art Buchwald, Senator Harrison Williams and Elizabeth Taylor-Warner. Invariably they tell us they had a wonderful, "fascinating" experience and some ask to be invited back.

Tentative plans for the dinner-lecture are: 5:30-6:15 p.m., lecture; 6:15-7 p.m. buffet dinner; 7-7:45 p.m., question and answer session. The dinner-lecture is \$7.50 per person.

For the many persons who will not be able to obtain tickets to hear Nader at the dinner-lecture, another major lecture will be presented in the MSSD gymnasium starting at 8 p.m. Admission will be \$1 per person, with those attending the dinner-lecture admitted free of charge.

Nader has indicated that he will remain at the gym as long as there is genuine interest and pertinent questions.

Watch for more information on Nader in next week's issue of *On the Green*.

Joanne Bader provides operations assistance at SUB.

## Affirmative Action members chosen

The 1979-80 Commission on Affirmative Action will be assisting the president in reviewing the progress of affirmative action efforts and making recommendations on issues related to minority groups, women and handicapped persons. The Commission is comprised of staff and faculty members from the College community:

Dianne Brooks  
Fred Bone  
Bill Saunders  
Lisa Holden  
Mary Herman  
Ed Artis  
Ramon Rodriguez  
Luis Altamirano  
Richard Lytle  
Rosemary Winder  
Alda Anderson  
Gerilee Gustason  
Dick Hoke  
Liz Turner  
Jo Anne Simon  
LaVarne Hines (EO officer)

Dianne Parker assists at the Visitors Center.

## EPOC application deadlines approaching

EPOC application deadlines are:  
Feb. 15 - Summer Federal Internships.  
March 1 - Summer Co-ops.  
Non-Federal Internships.  
April 1 - Summer Volunteer Experiences.

# Serendipity

## Library Bits & Pieces

### Reference books to use and enjoy

by Jeanne Conway

1. *The International Encyclopedia of Higher Education*, ed.-in-chief, Asa S. Knowles. Jossey-Bass, 1977. (Ref. 378.003 K6i)

This 10-volume set is the first major effort to compile information concerning post-secondary education systematically. It covers with accuracy and completeness virtually all nations of the world. In addition, there are 10 page-long essays on key topics relating to higher education. It is the only set of volumes also providing retrospective essays on various academic fields. There is a particularly useful one-volume index. THE resource on the study of higher education.

2. *Encyclopedia of Bioethics*, ed.-in-chief, Warren T. Reich, Free Press, 1978. (Ref. 174.2 E5)

Entries in this four-volume set are excellently written—jargon-free and also free of personal bias. Contributors were required to summarize the significant different ethical viewpoints on topics and to explain the justification for each viewpoint. The six major categories treated are: concrete ethical and legal problems, basic concepts and principles, ethical principles, religious traditions, historical perspectives and disciplines bearing on bioethics.

3. *Directory of Publishing Opportunities in Journals and Periodicals*, 4th ed. Marquis Academic Media, 1979. (Ref. 070.5 D5 1979)

This is the most comprehensive guide of its kind. The 3,483 periodical entries give information about the periodicals themselves, plus brief statements of their editorial policies, identification of audiences and details concerning manuscript specifications and disposition. There are title, subject, sponsor and editor indexes. This is a valuable work for all faculty interested in publishing.

4. *Encyclopedia Americana*, 1979 ed. (150th anniversary edition). (Ref. 031 E56 1979)

The *Americana* was the first encyclopedia published in the United States. It is very popular with students because it presents facts and interpretations in an orderly way, using a direct style, and ex-

plains technical terms when they are used.

### Database information

by Carolyn Jones

The Library has access to three nationwide database centers: BRS, Lockheed-Dialogue and Orbit. Each may be searched and information on books, proceedings, articles, etc. may be retrieved. The EMGML, of course, does not automatically have everything cited in a database but, once we have the necessary bibliographic information we are a long way home towards getting it. Listed below are a few of the databases that we can access and that perhaps you didn't realize were available for searching.

- ERIC, ECAR (Exceptional Child Education Resources), Psychological Abstracts and Dissertation Abstracts—searched so regularly that I assume everyone knows about them!

- Smithsonian Science Information Exchange—research projects in process; not published information.

- National Rehabilitation Information Center—a new database; lists many NTIS documents.

- CA Search—expanded version of the printed *Chemical Abstracts*.

- Economics Abstracts International—economics sciences and management literature.

- Foundation Grants Index/National Foundations—both cover grant information of major American, non-governmental groups.

- Language and Language Behavior Abstracts—international coverage of fields related to the nature and use of language.

- MLA—literature, modern languages and linguistics; includes English, American, European, Asian, African and Latin American cultures.

- NICEM—non-print educational materials for handicapped children.

- PAIS International—references to all fields of the social sciences, including political science, international relationships, sociology, law, public policy, etc.

- PTS Federal Index—federal actions such as proposed rules, regulations, bill introductions, speeches, hearing, vetoes, court decisions, executive orders, etc.

## Energy: Usage down but costs rise at Gallaudet

by Jim Hull

Some time ago I promised I would keep you informed on conservation progress at Gallaudet. This fiscal year we are striving for a 10% reduction per square foot over last year.

November results are now calculated and show a reduction of 22% for October and November over the same period last year.

Thank you for your help. It is impossible to pinpoint the reason—mild weather, emergency temperature restrictions, automation and you all played a significant part.

Now comes the clincher: even with a 22% reduction in energy use, our costs

for energy for the same two months was up 25% over last year. Energy has its cost problems as well as supply problems.

Serious as food for thought: internal unrest and outside interference on the Middle East OPEC countries may force mandatory, more stringent conservation measures sooner than you think. Plan now and be prepared when it happens, both here and at home.

Your continued help is needed. Turn out the lights! Close the windows! Shut the doors! And please—drop me a line and let me know of energy inefficiencies you find here on campus. I'll be glad to get them and you will receive a reply.

"Energy—We Can't Afford to Waste It."

A crowd fills the Auditorium for the memorial service held for **Gerald Adler** Jan. 17. Adler, a Gallaudet mathematics professor and GCAA treasurer, was fatally shot last Dec. 26.

## Sponsored R&D

### Grant/Contract Deadlines

Provided below are application deadlines of selected federal programs that offer potential grant or contract opportunities for faculty, staff and graduate students. Though the deadlines are not indicated in the below listing, a number of deaf-blind funding opportunities are summarized in this week's "Weekly Program Highlight." More details on programs of interest can be obtained from Glenn Pfau, director, Office of Sponsored Research, x5030, (voice or TTY).

Deadline	Program
02/18/80	USOE—Media Research, Production, Distribution, and Training
02/29/80	USOE—Basic Skills: Parent Participation Program
03/01/80	NSF—Sociology/Economics/Political Science
03/10/80	USOE—Community Education Program
03/15/80	NEH—Consultant Grants
03/17/80	USOE—Handicapped Research and Demonstration Student Research
03/25/80	NSF—Science and Technology to Aid the Handicapped
04/02/80	USOE—Handicapped Children's Early Education
04/14/80	NIE—Grants for Research on Organizational Processes in Education
06/15/80	NEH—Consultant Grants
07/01/80	NEH—Higher Education Grants: Regional and National

### Weekly program highlight

The U.S. Office of Education has issued seven separate solicitations concerning educational projects for deaf-blind, autistic, or severely handicapped children and youth. Under RFP 80-4 (Deadline—March 4), USOE is seeking projects to develop, implement, evaluate and communicate about innovative practices in the vocational education of deaf-blind youth ages 13-21 (three year projects).

Under RFP 80-5 (Deadline—March 6), USOE is seeking projects to develop, implement, evaluate and communicate about models for the integration of deaf-blind children and youth (ages 0-21) into

educational settings which also serve non-handicapped agemates. Project activities include evaluation of the impact integration and the design of social interaction curriculum materials (one year project with two 12-month options to renew).

Under RFP 80-6 (Deadline—March 10), USOE is seeking projects to develop, implement, evaluate and communicate about models for the deinstitutionalization or community integration of deaf-blind children and youth (ages 0-21). Models may select to focus on one of several aspects of the deinstitutionalization process as delineated in the RFP (three year projects).

Under RFP 80-7 (Deadline—March 13), USOE is seeking model projects to design, implement, and evaluate and communicate about innovative practices in the education of deaf-blind students, ages 13-21 (one year projects with two 12-month options to renew).

Under RFP 80-8 (Deadline—March 17), USOE is seeking projects to focus on educational problems of autistic children and youth (ages 6-21). Projects will define a set of problems, work directly with students, produce a set of educational interventions, and design a viable model for delivery of educational services to students whose behavioral characteristics include features of the autism syndrome (12 month projects with two month options to renew).

Under RFP 80-12 (Deadline—March 24), USOE is seeking projects designed to develop a plan of service system change to upgrade the quality of educational services to severely children and youth (ages 6-21). Major activities include the design, implementation and evaluation of the system change model in rural or urban areas of a state, or to encompass an entire state education agency system (one year projects with two 12-month options to renew).

Under RFP 80-13 (Deadline—March 27), USOE is seeking a single project to conduct a national evaluation of the impact of providing educational services to severely handicapped children and youth in integrated public school settings. It is the intent of the procurement to examine the impact of integrating in a variety of locales and to utilize multiple criterion measures. Such a study would evaluate at least changes in student performance, peer and adult interactions, acceptance by parents and staff, administrative obstacles and solutions, relative costs, and effectiveness of preparation for independent adult functioning (one year projects with two 12-month options to renew).

# President's Office Notes

## Board of Trustees meets

The Board of Trustees of Gallaudet College held their regular meeting Jan. 16 and 17. Activities began Wednesday evening, Jan. 16, with a dinner and educational program at the Old Town Holiday Inn in Alexandria, VA. Members of Central Administration and Board members had the opportunity to informally interact as well as to hear a presentation by Mervin Garretson.

Garretson spoke on, "Orientation to Deafness: An Overview." He began the presentation with some questions commonly asked about deafness. Following a brief review of types of hearing loss and terms used by professionals in the field, he explained both the physiological and psychological implications of deafness. In addition he gave a demonstration of the differences between American Sign Language and Signed English.

During the morning of Jan. 17, the Committee on Mission, the Committee on Trustees and the Committee on Resources met at various locations on campus to hear reports and deliberate on issues raised by various divisions of the College. This was the first time that these committees actually had full morning meetings, a part of the Board's new meeting format. Items presented and discussed included Committee on Trustees: the Gallaudet College Annual Fund, the Ole Jim Campaign and the Voluntary Support Report; Committee on Mission: Gallaudet College accreditation search for two new deans and Research Division activities; and Committee on Trustees: board profile and educational programs.

Also as a part of the new meeting format, each Board meeting includes a luncheon hosted by one of the divisional vice presidents. In order to increase the awareness of the Trustees concerning different activities on campus, individuals from the divisions are invited to have lunch with the Trustees. The January luncheon was hosted by John S.

Schuchman, vice president for Academic Affairs. Various faculty and staff members were invited and asked to bring one student from their department or unit. Tables were arranged so that all campus community members would have the opportunity to meet one or two Board members.

At 1:30 p.m. the Board's business meeting was held in the Edward Miner Gallaudet Room of the Library. Action was taken, at the recommendation of each of the three committees, on a number of items.

The Board of Trustees voted to approve:

### Committee on Resources:

1) Report of the Treasurer: The Board approved this.

2) Resolution: Tuition, Unit Fee, Room and Board Charges Per Student—Academic Year 1979-80: The total change represented an increase from \$2,667 to \$2,831.

3) Authority to Sign Construction and Construction-Related Contracts for Fiscal 1980 Construction Appropriation: The appropriations included \$9,000,000 for the Field House, \$1,200,000 for KDES equipment and furnishings, \$330,000 for upgrading electrical systems and \$200,000 for environmental upgrading and barrier-free campus. The total appropriation was \$10,730,000.

4) Revised Facilities Master Plan: The Board was complimentary of the amount of detail in this report and approved it in principle, while recognizing that in the future, changes may need to be made to reflect the evolving needs of the College.

### Committee on Mission:

1) Proposed Street Names: A full feature story on this item will appear in the next issue of *On the Green*.

2) Recommendations for Tenure: On the recommendation of Robert Davila, Norma Clark and Sandra Hart were granted continuous tenure.

3) Confirmation of New Appointees for the Office of Demographic Studies Advisory Committee: Upon recommendation of Doin Hicks, the following individuals were appointed to the ODS Advisory Committee: Dr. Harvey Corson, superintendent, Louisiana School for the Deaf; Dr. William Castle, director, NTID and vice president, RIT; Dr. Sara Conlon, executive director of A.G. Bell Associates; Dr. James Collins, assistant chairman, Ohio State University Faculty of Exceptional Children; Dr. Donald Calvert, director, Central Institute for the Deaf; Gordon Duck, state director of Special Education, California; Keith Tolzin, superintendent, Idaho School for the Deaf; and Peyton Williams Jr., associate state superintendent of schools, Georgia.

4) Proposed Position on Public Law 94-142: The Board voted to approve this position statement in principle, recognizing that the College's Task Force on P.L. 94-142 is continuing to develop it.

### Committee on Trustees:

1) Educational Program: The committee determined that the educational program for the March Board meeting should include a presentation about P.L. 94-142.

2) May Meeting/Commencement: The committee determined that the May meeting would include, as an educational program, a dinner with 15 top graduating seniors and their parents.

Evelyn Mitton, Personnel secretary.

## Among Ourselves

Grais Hais, coordinator for the Pre-College Visitors' Program, recently had a baby boy, Adam. She will be on leave from Gallaudet for three months and during her absence Peter Moran will serve as acting coordinator for Pre-College Visitors. Virginia Beach, a Gallaudet junior, is being employed to conduct the tours. Congratulations to Grace and son!

Frances Merrill, our president's wife, is redoing one large bedroom in the 100-year-old president's house on campus. The room will be called the Lincoln Bedroom in memory of the president who signed the bill enabling Gallaudet to grant degrees. President Merrill recently visited the White House and inspected the Lincoln Bedroom. Furniture of that period has been donated to the campus house.

Carol Frankel, Romance Languages Department, recently participated in a special workshop, funded by the National Endowment of the Humanities, on foreign languages and literatures curriculum development at the Modern Language Association's annual meetings in San Francisco.

Mark Weinberg and Rachel Feit of the Romance Languages Department recently attended the annual meetings of the Modern Language Association in San Francisco during the Christmas holidays.

John T. Delaney attended the Executive Committee meeting of the Board of Academic Advisors of the American Institute for Foreign Study in Greenwich, CT on Dec. 14, 1979.

Jim Elliott, a Gallaudet student, helped present a church service, giving an inspirational talk and leading the congregation in prayer, at Student Recognition Day at St. Stephen's United Methodist Church Dec. 30.

Barbara Kannapell, linguistics specialist with College Educational Resources, has a new telephone number—TTY 5449. Her mailing address is HMB 93.

## Personalities

**Jennifer McClead** is a new secretary with Admissions and Records. Previously she worked with the Court Evaluation Team in Montgomery County, MD and drove a school bus for three years.

McLead

Grenell

**Sheila Grenell** has taken a position as interpreter/assistant with Interpreter Referral Service. She will be assisting the coordinator of IRS and going out on interpreting jobs in the area, both on and off campus. Grenell previously was an interpreter with the St. Paul Technical Vocational Institute in St. Paul, MN and was a medical interpreter at the St. Paul Ramsey Medical Center in the Mental Health and Hearing Impaired Program, as well as a free-lance interpreter. She recently moved to D.C. from Minnesota.

Garnett

King

**Merly M. Garnett** is a new security officer with Safety and Security. She has previously worked with security, training guard dogs and as district manager for Avon Products.

**Esther King** is a new secretary with the Department of Education. She will be performing a variety of secretarial duties for four faculty members and general office work for the department. King has previously worked as a secretary to a bookstore manager.

Gallaudet College is an equal opportunity employer/educational institution. Programs and services offered by Gallaudet College received substantial financial support from the Department of Health, Education and Welfare.

# Historical Notes

## The year was 1903

by Francis Higgins

In 1903, the College year was divided into three terms of three months each. At the end of each term, final examinations were given. The winter term was considered to be the most productive since outside diversions were the least during that period. The winter term ended on the last Friday of March and recitations for the spring term began the following Tuesday. Thus, a long recess between terms was unthinkable.

In February, the seniors and coeds presented Dr. Gallaudet with two large bouquets of carnations on the occasion of his 66th birthday. This pleasant custom has continued to this day.

The year saw the Vesper Lawn Tennis Club successful in petitioning the College to put up two hard earth courts across the roadway east of the Gymnasium. A dark color was chosen for the top surface so that the rays of the sun would be deflected from the eyes of the players. Formerly, tennis was played on a grass lawn.

During the Easter vacation in April, a number of young male students went camping at Great Falls, an annual custom which was looked forward to with much enthusiasm. Tents, cots and other facilities were hauled to the campgrounds in the College farm wagon while the students took the electric car to the end of the line and walked the remaining distance to Camp Gallaudet. All cooking was done by the students. One day was designated as "Ladies Day" when the coeds came out to visit the young men, bringing "sweet meats and other little dainties." On another day, a few members of the faculty, including President Gallaudet, dropped in for a visit and took dinner with the campers.

That spring, after several years of effort, the College relay team finally captured first place in the Annual Relay Carnival of the University of Pennsylvania. The College went wild with joy and each of the four runners received a gold

Waltham watch. A banner, commemorating the victory, was added to the trophy case.

On Presentation Day during the first week of May, graduation exercises took place in Chapel Hall which was "profusely decorated with potted and tropical plants of all kinds." The picture and busts along the walls "were garlanded with beautiful green festoons of smilax."

Eighteen seniors, members of the Class of 1903, received their bachelor degrees. An additional four were presented with the degrees of Master of Arts. Five orations were delivered by the seniors and the main address was given by Dr. Charles Needham, president of Columbian University, now George Washington University. With so many papers read, an intermission was enjoyed midway through the exercises.

The next day was Class Day, with the seniors presenting a program in an outdoor theatre which they had set up on the front lawn facing Florida Avenue. The next evening was the climax of Presentation Week when the Hop was held in the Gymnasium that was "tastefully decorated with plants and bunting for the occasion." There were 18 dances divided into two groups, with each group opened by a Grand March led by the president and the faculty. The dances commenced at 9 p.m. and the last one occurred at 1 a.m. Music was furnished by four pieces of instruments.

Although the seniors were graduated in May, school work continued until the closing of the College in mid-June.

During the spring, the College baseball team played 17 games, seven with local high schools and the rest with college teams. The Gallaudet team beat Columbian University (6-5) and St. Johns College (11-10).

Thus another school year ended and all the students scattered for various parts of the country, some to their homes and others to places of employment. As for members of the faculty, it was a time to rest at their homes on the campus or across Florida Avenue, while a few succumbed to the "call of the road."

bring about international understanding and friendships by providing young people of high school age and their families opportunities to learn about other societies, cultures and people.

Through three special programs, students live with families in over 60 countries, usually attending school and becoming part of the daily life of teenagers in that community. This unique experience of cross-cultural exchange becomes even more enriching with the added dimension of deafness.

The MSSD Foreign Exchange Program needs families or individuals who could host a deaf student while he or she attends MSSD for a semester or for a full year (weekends and holidays when MSSD residence halls are closed).

For more information on the MSSD Exchange Program, contact Nancy Strizver or Rich Steffan, x5800, at MSSD.

Sheryl Johnson, administrative secretary, Development Office.

## Letters

Dear Ms. Walter:

I would like to draw your attention to a serious error in the Jan. 7 edition of *On the Green*.

The publication, *Perspectives*, is not part of the Alumni and Public Relations Office as stated in your description, but a Pre-College Programs publication. The function of putting this publication together is performed within the Outreach Unit of the Vice President's Office.

As editor of *Perspectives*, I would appreciate your immediate clarification of this misinformation.

Sincerely,  
Eileen J. Roper

## Calendar

### JANUARY

**29 - TTY WORKSHOP** for Student Life Staff, Dorm IV Basement, 3:30-5:30 p.m., sponsored by Activities Advisors, x5746.

**31 - LECTURE DEMONSTRATION**, Don Redlich Dance Company, Auditorium, 7 p.m., Student Union x5172.

### FEBRUARY

**1 - DON REDLICH DANCE COMPANY PERFORMANCE**, SUB x5182, Auditorium, 8 p.m., no charge.

**2 - DON REDLICH MASTER CLASSES**, SUB x5182, Auditorium, 10 a.m.-2 p.m.

**4-8 - CONSUMER AWARENESS WEEK**, SUB, x5182.

**6 - JOE BROWN, SCULPTOR**, MSSD Lobby, 10:15 a.m.

**7 - POETRY READING** by David de Lorenzo, ASL Interpretation, HMB 213, informal reception with the poet to follow in Student Lounge, HMB, 7:30 p.m.

**8 - GALLAUDET FORUM**, RALPH NADER, Demonstration Programs, x5598; Dinner, MSSD Cafeteria; Lecture, MSSD Gymnasium, 5:30-10 p.m.

## Jobs Available

For additional information, contact the Personnel Office.

SECRETARIAL POSITIONS: Contact personnel for listing.

CAREER COUNSELOR: Counseling & Placement.

ASSISTANT DIRECTOR: Counseling & Placement.

CAREER COUNSELOR FOR MULTIPLY HANDICAPPED STUDENTS: Counseling & Placement.

COMPUTER OPERATOR-TICCIT: Computer Center.

DAY CUSTODIAN: PP-Custodial Services

FIRST CLASS ENGINEER: PP-Central Utilities.

ELECTRIC TECHNICIAN:-TICCIT: Computer Center

STAFF PSYCHOLOGIST: Counseling & Placement.

ENERGY CONSERVATION COORDINATOR: PP-Utilities.

WORD PROCESSING SPECIALIST: MSSD/Adm. Support Services.

CAMPUS PLANNING COORDINATOR: Planning Office.

PLANNING & EVALUATION ANALYST: Planning Office.

CAMPUS RESOURCE ANALYST: Planning Office.

ASSISTANT-ASSOCIATE PROFESSOR OF AUDIOLOGY AND COORDINATOR OF CLINICAL SERVICES: Audiology.

INSTRUCTOR OR ASSISTANT PROFESSOR: American History.

FACULTY POSITIONS (2): Department of Sign Communication.

PSYCHOLOGIST: KDES

BUDGET COORDINATOR: Planning Office.

ASSISTANT/ASSOCIATE PROFESSOR: Mathematics Department.

ASSISTANT/ASSOCIATE RESEARCH PROFESSOR: Demographic Studies.

DIRECTOR, PP MAINTENANCE & OPERATIONS: Physical Plant.

OFFICE COORDINATOR: Alumni/Public Relations.

FACULTY POSITIONS (3): School of Education & Human Services.

ASST. PROFESSOR OF SPEECH COMMUNICATION RESEARCH: Sensory Communication Research Lab.

DEAN OF STUDENT AFFAIRS: Apply to Dr. Barbara Bodner-Johnson, Dept. of Education.

INSTRUCTIONAL MATERIALS DEVELOPER: MSSD/KDES.

ELECTRONICS HELPER: Technical Support Center

PROGRAMMER: Business Data Systems

PROGRAMMER/ANALYST: Business Data Systems

RESEARCH AIDE: KDES/MSSD Educational Research Lab

OPERATIONS ANALYST: Contracts & Operations

PROGRAMMER: KDES/MSSD Educational Research Lab

ENGLISH TEACHER: MSSD

MATHEMATICS TEACHERS: MSSD

SCIENCE TEACHERS: MSSD

SENIOR RESEARCH SCIENTIST: Research

DEAN, SCHOOL OF COMMUNICATION: Apply to Jerald M. Jordan.

POSTDOCTORAL FELLOWSHIP: Psychology Department

ASSISTANT PROFESSOR: Psychology Department

INSTRUCTOR FOR DOCTORAL STUDENTS, SPECIAL EDUCATION ADMINISTRATION/EDUCATIONAL ADMINISTRATION: Department of Administration

DEAN, MSSD: Doctorate in Education or related area. Five years experience in education of the deaf of which at least three years should be in administration and management of school programs. (MA and 10 years experience may be substituted). Manual communication skills required. Deadline: April 15, 1980. Minimum salary: \$34,171. Send letter, resume and transcripts to Dr. Robert Davila, vice president for MSSD/KDES, Gallaudet. EOE.

## Campus visitors

Scheduled visitors to Kendall Green this week include:

Jan. 30 - William Clark, Prudential Insurance Company, Jacksonville, FL.

Jan. 31 - Forest Glen Senior Center.

Montgomery County Girl Scout Troop

## Foreign Exchange Program needs hosts for students

Last year, with the MSSD as its first participant, the American Field Service began its program for the hearing impaired. The MSSD hosted a hearing German girl named Ortrun Niethammer during the 1978-79 school year. During the week she lived with other students in the dorm and on weekends lived with her host family, the Fells, in Maryland. (Cindy Fell is an MSSD student.) After hosting a foreign student, the school then became eligible to submit names of three students to be placed in programs overseas as part of the Americans Abroad Program.

This summer, for the first time, a hearing impaired student from MSSD, Danny Hines, traveled to Australia where he lived with a family on a farm. Presently another MSSD student, Polly Easley, is participating in the one year program which finds her living in London.

The American Field Service works to
